

C-1(c) GOA Comprehensive Bycatch Amendments
North Pacific Fishery Management Council
June 9, 2012

Council Motion:

The Council will schedule a specific agenda item, preferably for the October meeting, that begins the process of developing a program to provide tools for effective management of PSC, incentives for the minimization of bycatch, and vessel level accountability for the Central Gulf of Alaska trawl groundfish fishery. The Council should develop a purpose and need statement with goals and objectives for a new fishery management system at that time.
