

Scallop Commercial Harvest Timing

North Pacific Fishery Management Council

This summary is intended as a general guide only and is non-binding. Fisheries are subject to closures during the fishing season. For more information, visit the [NOAA In-Season Management Information Bulletins](#) and [State of AK Commercial Fisheries Announcements](#).

	January	February	March	April	May	June	July	August	September	October	November	December
Scallops												

Scallop fishing seasons are set by regulations for each scallop registration area.

(Scale bars are for in-sector comparison and do not represent exact landings numbers. Data comes from averages of 2012-2019 landings information.)
